

Connexion Mongodb

Ajout dans le compose

```
mongo:
  image: mongo:latest
  ports:
    - "27017:27017"
  volumes:
    - mongo_data:/data/db
  restart: always
  environment:
    MONGO_INITDB_ROOT_USERNAME: login
    MONGO_INITDB_ROOT_PASSWORD: mdp
```

```
volumes:
  mongo_data:
```

Création de la base :

```
docker exec -it n8n-mongo-1 mongosh -u user -p pwd --authenticationDatabase admin
```

```
use n8n
```

```
db.init.insertOne({created: true})
```

```
show dbs
```
